The Principal Chief Engineer (Civil)
Bharat Sanchar Nigam Limited, Calcutta/Delhi/Jaipur/Lucknow.

All Chief Engineers (Civil)
Bharat Snachar Nigam Limited.

Subject:- Guidelines for Maintenance of Buildings.

The Central Public Works Department (G.O.I.) has published a Maintenance Manual 1999, which is a comprehensive compilation for the guidance of the officials engaged in maintenance of government buildings and services. It provides an easy and ready access to various guidelines issued on the subject from time to time so as to enable the officials to take timely and appropriate action.

Therefore, for efficient management of maintenance operations in building services under BSNL, the guidelines in CPWD Maintenance Manual 1999 may be adopted.
