**Sub: Guidelines for Composite tender for Civil and Electrical items -Reg.**

During review of ongoing External Works, it has come to the notice of senior management that there has been delay in Civil and Electrical items for completion of a project which cause overall delay in project completion and client's satisfaction is affected apart from a bad reputation to BSNL as a whole.

In order to tide over such unpleasant situation in future and to complete all PMC activities in time, method of composite tender for Civil and Electrical items shall be dealt as per this office letter no. 19-38/2010-W (T)/317 dated 05.10.2011. In continuation of the letter mentioned earlier, further guidelines are hereby issued for composite tender for the following items as below:-

1. As per CPWD Works Manual-2012, following specialized works are supposed to be included in composite works costing more than Rs 10 Crores.:-
  - (i) Compound lighting
  - (ii) Street lighting
  - (iii) Low pressure side of air conditioning system
  - (iv) Wet riser system
  - (v) Fire fighting system
  - (vi) Lifts
2. The following specialized job(s) is proposed to be excluded from the scope of composite works as CPWD Works Manual-2012 does not specify for the same:-
  - (i) High pressure side of Air conditioning system
  - (ii) DG Sets
  - (iii) Substations
  - (iv) Automatic Fire detection & Alarm system
  - (v) Intelligent Building Management system
  - (vi) Renewable Source of Energy
  - (vii) Any other work of specialized nature
3. For works up to 10 Crores, the composite tender for items mentioned in para 1 shall be decided on case sensitivity basis.

The above guidelines for calling composite tender for External Works are hereby issued with the approval of Dir (EB).
